

Extract from TGS PC meeting of 20 November 2013, Item 9

'Ruth asked if the school could let parents know as to how money was being spent from fundraising activities within the school. She stated that at this point, parents had no idea as to where the money was going. Fiona advised that this had been discussed at a PC meeting some time ago and that it had been agreed at that time that this information would be made available. Zander agreed to speak to Colin Fleetham regarding this.

ACTION: AH'
